

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION I

J.F. KENNEDY FEDERAL BUILDING, BOSTON, MASSACHUSETTS 02203-2211

172

SDMS DocID 583366

CONSENT FOR ACCESS TO PROPERTY

The United States Environmental Protection Agency (EPA), pursuant to the authority and requirements of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), 42 U.S.C. 9601, et. seq., and the Superfund Amendments and Reauthorization Act (SARA), is planning to conduct an investigation. Pursuant to Section 104 of CERCLA, as amended by SARA, Congress has given EPA express authority to conduct this investigation. This authority includes tests and other information-gathering necessary to determine whether hazardous substances, pollutants, and contaminants may be, or may have been released to the environment. CERCLA authorizes designated EPA representatives to enter and obtain the necessary information.

Additionally, the representatives may take photographs, collect environmental samples, drive vehicles onto the site, and dispose of a small amount of cleansing fluid (consisting of water, isopropanol, and detergent) on the property. EPA representatives will offer the owner or company representative(s) replicates of the samples collected if requested. Prior to leaving the property, the EPA representatives will supply the owner or company representative(s) with a written list of the samples collected on the property.

The Owner of the property located at Truk-Away Landfill on Industrial Drive in Warwick, Rhode Island shall permit CDM Federal Programs Corporation (CDM) personnel, State personnel and/or EPA personnel, to have access to this property for the purpose of conducting an onsite reconnaissance and collecting environmental samples. CDM is under contract to the EPA to carry out certain tasks and responsibilities under the authority of CERCLA and SARA.
